

Nazarbayev University Graduate School of Public Policy
Master in Public Policy Program Handbook

Abbreviations and Definitions

APP – Academic Policies and Procedures for Graduate Programs of the Autonomous Organization of Education Nazarbayev University;

CGPA - Cumulative Grade Point Average - a calculation of the average of all of a student's grades contributing to the degree. The CGPA is computed by dividing the sum of the earned grade points by the total graded credits attempted in the whole period of study;

ECTS - the European Credit Transfer and Accumulation System - measures the student workload required to achieve the learning outcomes of a program of study;

GPA - Grade Point Average - GPA for one academic period is computed by dividing the sum of the earned grade points by the total graded credits attempted in this period;

MPP – Master in Public Policy;

NU / University – Autonomous Organization of Education Nazarbayev University;

GSPP / School – Nazarbayev University Graduate School of Public Policy;

PAE – Policy Analysis Exercise.

1. Introduction

1. Nazarbayev University Graduate School of Public Policy Master in Public Policy Program Handbook (hereinafter – Handbook) is intended to give students an understanding of the general rules and guidelines for attending and receiving education at GSPP. The Handbook includes the MPP program overview, grading system, School policies and procedures, and other helpful details. Students should review the Handbook carefully as its contents are binding on all MPP program students of the School.

2. Admissions

2. Admission to the MPP program is conducted in accordance with the relevant internal documents regulating admission procedures at NU.

3. Program overview

3. The mission of MPP program is to prepare a new generation of progressive policy professionals to provide efficient, effective, reliable and sustainable public service at national and international levels.

On successful completion of the program graduates will have the ability to:

- 1) lead and manage in public governance;
- 2) participate in and contribute to the policy process;
- 3) analyze, synthesize, think critically, solve problems and make decisions;
- 4) articulate and apply a public service perspective;
- 5) communicate and interact productively with a diverse and changing workforce and citizenry.

Professional competency: in addition, the program will ensure that students learn to apply their education, such as through experiential exercises and interactions with practitioners across the broad range of public affairs, administration, and policy professions and sectors.

4. The core curriculum focuses on quantitative skills and analysis, economics, data analytics, political science, public management and leadership.

5. MPP students may opt for an internship instead of one elective. The internship can be taken in semester 3 or semester 5 and is the equivalent of one course (8 ECTS).

MPP Program with internship comprises 12 courses (96 ECTS) + Policy Analysis Exercise (PAE) and internship (24 ECTS) = 80% taught and 20% research and practical.

MPP Program without internship comprises 13 courses (104 ECTS) + PAE (16 ECTS) = 86.6% taught and 13.3% research and practical.

The total number of credits in the program is 120 ECTS. The program curriculum is outlined in Appendix 1.

6. MPP students can choose to specialize in one of 3 tracks (economic policy, international political economy or public governance) to enhance their career prospects. Students should consult the Program Coordinator about their selection of electives and whether their choices will constitute a particular specialism. Only at the

end of the program will the students be advised that they have successfully completed the requisite courses to qualify for a Master's degree with specialism.

7. The program structure includes the following key components:

1) **Orientation Week.** It is the first week in MPP program. The purpose is to prepare students for the program, and forge bonds among them as classmates. Before arriving for the Orientation Week, students must have submitted all required documents and have completed any pre-assigned work.

2) **Core Courses** - courses that all students are required to complete within the program.

3) **Elective Courses** – courses that MPP program students can select from among alternatives. Elective courses are subject to change as they are based on students' interests/preferences, faculty availability and program design.

4) **Policy Analysis Exercise (PAE) with Overseas Component.**

The PAE, a capstone project assessed as 16 ECTS (15% for overseas component and 85% for PAE itself), is a public policy study, normally completed for a client or target organization. It requires students to define and analyze an actual public policy issue so that the students develop confidence and competence in meeting the professional demands they will subsequently face. In completing the PAE, students must be prepared to define and structure the problem, organize data, define, and carry out analyses of the issue and conclude with specific action recommendations as part of a clear and persuasive written report.

Students receive detailed instructions on all stages of the project in MPP 699 Handbook for the Policy Analysis Exercise. 16 ECTS credit points of assigned a letter grade on an A-F scale to be determined by the project supervisor. Students must earn a B- or better in MPP 699 to pass the course.

The overseas component (currently in Singapore) normally takes place at the end of the first academic year (Summer semester), where students learn about Singapore's approaches in long-term urban planning and economic development through lectures and learning journeys, reflect on the lessons learnt, and whether/how they could be applied or adapted to the context of Kazakhstan. This can be particularly useful for students who are working on their PAE projects. Singapore is often used as a successful comparison model for Kazakhstan. Hence the Singapore component includes visits to organizations relevant to the MPP student cohort where participants can ask relevant questions about the transferability of public policy lessons from Singapore to Kazakhstan. The success of the Singapore Component model requires that students strictly follow the program, including learning journeys, meals, accommodation, transfers, and flights to and from Singapore. This arrangement is intended to maintain the necessary coherency in the delivery of subjects, students' work on projects, and student experience.

4. Course registration policy and procedures

8. The overall credit load of a student is based on MPP program specific requirements. It is the responsibility of a student to register for all courses including core and electives in accordance with program curriculum.

9. Students are notified, via email, of the dates for the registration period prior to the event.

10. Students must follow the program curriculum with respect to course order and normal volume of credits per semester. Credit overload could only be possible with the permission of MPP Program Coordinator and Vice Dean for Academic Affairs of the School. The appropriate form with all required signatures on it must be submitted to the Program Manager before the end of add period as provided in School's Academic Calendar. If no course overload form is submitted by a student, he/she will be deemed to be taking the normal volume of credits for the semester in question. Therefore if the student is registered for a course(-s) without permission of the Program Coordinator and Vice Dean of Academic Affairs she/he will not be allowed to attend classes for the latest elective course/s registered for and will be withdrawn from the course(-s).

11. GSPP students may enroll in courses in another NU School with the permission of MPP Program Coordinator and Vice Dean for Academic Affairs of the School. The number of elective courses taken from a different NU School should normally not exceed 50% of elective courses per semester.

5. Grading system

12. Table 1 contains the standardized grading system that is used by GSPP and the corresponding grade points.

Table 1: Standardized GSPP Grading			
Grade Points	Letter grade	Percentage	Grade description
4.00	A	90-100	Excellent, student meets the highest standards in completing the course assignments
3.67	A-	85-89	Excellent, student meets most of the highest standards in completing the course assignments
3.33	B+	80-84	Very good, student meets the high standards in completing the course assignments
3.00	B	75-79	Good, student meets most standards in completing the course assignments
2.67	B-	70-74	More than adequate, student shows some reasonable command of the course material
2.33	C+	65-69	Acceptable, student meets basic standards in completing the course assignments
2.00	C	60-64	Acceptable, student meets some of the basic standards in completing the course assignments
1.67	C-	50-59	Acceptable, while failing short of meeting basic standards in several ways

0.00	F	00-49	Failing, very poor performance
------	---	-------	--------------------------------

13. A grade of “P” (Pass) or “F” (Fail) will be reported for students enrolled in program elements approved for such grading.

A “Pass” will not be used in calculating the student’s GPA or CGPA; a “Fail” grade is assigned 0 grade points for purposes of calculating the GPA and CGPA. The grade of “Pass” is equivalent to a C or above.

14. Administrative Grades: Special administrative grades and notations are used on transcripts. The administrative notations in Table 2 do not affect the calculation of either the GPA or the CGPA but may impact normal student progression:

Table 2: Administrative Grades		
<i>Grade</i>	<i>Comment</i>	<i>Grade Points</i>
AU	Audit	N/A
AW	Administrative Withdrawal	N/A
I	Incomplete	N/A
IP	In Progress	N/A
IPS	In Progress Satisfactory	N/A
IPU	In Progress Unsatisfactory	N/A
TC	Transfer Credit	N/A
W	Withdrawal	N/A

15. Audit (AU). The course Audit Option provides students the opportunity to register for a course for enrichment and/or exploration. Audited courses are designated “AU” on the student’s transcript; no grade is recorded and no academic credit is earned. As an auditor, the student is considered a passive learner and may not recite in class or take examinations. Regular class attendance is expected. The credit value of audited courses is included in the program load for purposes of determining fees and maximum credits carried. A student may register for a course on an audit basis provided:

- 1) the course is approved for audit (courses with laboratory or performance skills may not be audited);
- 2) there is space in the course;
- 3) the student has appropriate academic preparation;
- 4) the student has a valid reason for taking the course; and
- 5) permission of the instructor is obtained.

16. Administrative Withdrawal (AW). This grade indicates that a student has been required to withdraw from a course based on:

- 1) disciplinary grounds, following the procedures and standards specified in the internal regulations of the University;
- 2) non-attendance of classes; or
- 3) non-payment of tuition where appropriate following the procedures and standards specified in the internal regulations of University.

17. Incomplete (I). When a student has completed a substantial portion of the requirements for a course but, due to extenuating circumstances, is unable to complete all requirements, the course instructor may assign a temporary grade of Incomplete (I):

- 1) The grade “I” can be given only on the basis of a written prior agreement, which describes the work that is expected and the terms under which it is to be completed, between the student and the course instructor and approved by the Dean of the School. The date for completion of work is to be determined by the course instructor.

- 2) All work must be completed no later than the end of the last week of the subsequent semester. When the work or examination that is required under an “Incomplete” agreement is completed, the course instructor shall request a change of the “I” grade to the appropriate grade for the course, at which time the grade of “I” will be removed from the student’s transcript.

- 3) A grade of “I” may also be applied to a student who cannot take part in a final examination in a course because of personal health problems or that of the immediate family. A new deadline will be set by a course instructor for completion of the final examination.

- 4) The grade “I” is assigned 0 (zero) credits, has no grade points and is not included in the calculation of the GPA.

- 5) A grade of “I” that is not completed by the end of the last week of the subsequent semester automatically reverts to the grade indicated in the agreement between the course instructor and the students. If no grade is indicated in the agreement and the instructor does not submit the change of grade request, the grade of “I” will revert to an “F”.

- 6) In no case shall a student be granted a degree while there are unresolved “Incomplete” grades on his/her record.

18. In-Progress (IP, IPS, and IPU). An in-progress grade is assigned as an interim grade for students registered in courses which are approved to extend over several academic periods, commonly research projects or theses:

- 1) In-progress grades do not contribute to the semester GPA or CGPA calculation.

- 2) The final letter or P/F grade as appropriate is recorded and ECTS credit awarded in the academic period of completion of the course requirements.

- 3) In-progress grades may not be used for courses approved for standard delivery.

- 4) Grades of “IPS”/“IPU” indicate satisfactory/unsatisfactory assessment of work in progress and may be used to determine student academic standing.

- 5) A grade of incomplete “I” may not be used for courses eligible for in-progress grading.

19. Withdrawal. The grade “W” denotes a student who has withdrawn from the course and who has not completed the course requirements:

1) The grade “W” is automatic; in a context in which a grade of “W” is appropriate, the instructor may not assign any other grade.

2) A “W” grade is not included in the calculation of the student’s CGPA and does not count toward completion of the requirements for graduation.

6. Academic progress

20. To continue in MPP program, students must be in Good Academic Standing at the conclusion of each grading period as determined by:

1) minimum CGPA for Good Academic Standing is ≥ 2.67 ; and

2) timely completion of milestones for MPP 699 – Policy Analysis Exercise with Overseas Component.

21. A student who fails to satisfy the program-specific conditions for Good Academic Standing at the conclusion of each academic period will be automatically placed on probation or be dismissed.

22. A student on academic probation who fails to satisfy the program-specific conditions for Good Academic Standing at the conclusion of the next academic period is subject to dismissal.

23. A student in good academic standing who receives a grade of “IPU” will be placed on academic probation and will receive an academic intervention/plan initiated by his/her supervisor and approved by the Program Coordinator; a student on academic probation who receives a grade of “IPU” is subject to dismissal.

7. Graduation Requirements

24. Satisfactory completion of the MPP program requires that the student progresses through a number of distinct stages, each of which is characterized by a key evaluation point. The necessary stages are:

1) Successful completion of all core and elective modules in the program as outlined above;

2) Completion and successful defense of the PAE with overseas component.

25. To graduate with the MPP degree, a student must successfully complete 120 ECTS and maintain an overall CGPA of ≥ 2.67 .

8. Grade appeal procedure

26. Grade appeals. All graduate students have the right to appeal any grade that they believe is an error. The error must be based on one of the following procedural criteria:

1) error in calculation;

2) error in the application of the class grade policy as presented in the Course Syllabus;

3) incorrect entry of the grade into the database;

4) incomplete marking of an assessment.

27. Appeal process for an assessment grade:

1) A student must first consult with the course instructor within 3 (three) working days of the receipt of the contested grade (Appendix 2, Step 1).

2) The course instructor has 3 (three) working days in which to address the concern and file a Change of Grade if needed or deny the request.

3) If a student is still dissatisfied, he or she may appeal to Vice Dean for Academic Affairs within 3 (three) working days upon the receipt of the denial from the course instructor. In order to do so, student needs to email the grade appeal form (Appendix 2, Step 2) to the Vice Dean for Academic Affairs with copy to the Program Manager.

4) The Vice Dean for Academic Affairs shall consult with the course instructor before making any decision. The decision of the Vice Dean for Academic Affairs shall be final.

28. Appeal process of a final course grade:

1) The student must first consult with the Program Manager within 3 (three) working days of the date the grades are posted on the MyRegistrar system. The date to be used for calculating the time for an appeal of a final course grade is the date that grades are released to students, as published in the Academic Calendar. In order to do so, student needs to email the grade appeal form (Appendix 3, Step 1) to the Program Manager with copy to the Vice Dean for Academic Affairs.

2) The Program Manager will respond to the student within the next 3 (three) working days. That time may be extended by the Vice Dean for Academic Affairs/equivalent if the Program Manager is shown to have been unavailable during the period following the student's receipt of his/her final grade.

3) If the student still believes that the grade is incorrect or the Program Manager has not replied within 3 (three) working days, he or she may appeal to the Dean of the School within 3 (three) working days after (Appendix 3, Step 2). Dean can designate Vice Dean to consider the appeal.

4) The Dean or Vice Dean shall consult with the course instructor before making any decision. If the Dean or Vice Dean decides to grant an appeal, he or she will communicate the new grade to the Office of the Registrar directly using forms supplied by that office.

5) The decision of the Dean or Vice Dean shall be final.

9. Academic code of conduct

29. A student is expected to attend all classes, program events including orientation week, GSPD dialogue series, and other events specially organized for students. A failure to attend any of the aforementioned events may result in insufficient credits to graduate and can lead to dismissal from the program.

30. MPP students are not allowed to work full time.

31. The School adheres to NU-wide policies and procedures on the issue of part-time employment.

10. Student misconduct

32. Misconduct refers to academic or nonacademic misconduct (unacceptable or improper behavior) by a student.

33. Examples of academic misconduct include plagiarism, cheating, falsification of documents and other dishonest actions:

1) **Plagiarism** is intentionally or carelessly presenting the work of another as one's own. It includes submitting an assignment purporting to be the student's original work which has wholly or in part been created by another person. It also includes the presentation of the work, ideas, representations, or words of another person without customary and proper acknowledgement of sources.

2) **Cheating** is defined as deceit or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment.

3) **Falsification of documents** occurs when a student presents a falsified application, medical or any other official forms for any reason.

Acts of academic misconduct may result in the imposition of any of Category A, B, or C sanctions as described in Student Code of Conduct and Disciplinary Procedures of the University.

34. Nonacademic misconduct can include anything from criminal activity to offences that are specific to the context of the University. Acts of nonacademic misconduct may result in the imposition of any of Category 1 or Category 2 sanctions as described in Student Code of Conduct and Disciplinary Procedures of the University.

11. Attendance and absence policy

35. Students are expected to attend all classes. Students who do not attend classes from the first day may be penalized and dropped from the class.

36. Unexcused absences will be penalized by deducting 5% of the final grade for each unexcused week of absence.

Unexcused absence

An unexcused absence is when students miss classes for reasons not accepted by the School. Arriving late or leaving class early without appropriate documentation/justification will be counted as an unexcused absence. Some reasons for an unexcused absence include missing bus, sleeping too late and other reasons.

Excused absence

If unforeseen circumstances prevent attendance, student must notify the module/course instructor and Teaching Assistant, if any, in advance.

Some examples for an excused absence are:

- 1) death of a family member;
- 2) student's illness or injury.

37. If a student provides a medical certificate verified by University Health Center (UHC) then absence is counted as excused.

38. The time limit for submission of documentation for absences (including, but not limited to medical certificates) is 3 (three) working days after the condition preventing student from attending is over.

39. Medical certificates issued by a clinic other than University Health Center has to be verified by UHC. After verification the School Manager may inform respective faculty members.

40. In cases other than student's illness (including but not limited to death of a family member), it is the course instructor who makes the decision on granting excused absence after considering documentation provided by a student.

12. Classroom norms

41. NU believes in the importance of establishing an environment conducive to supporting the student learning experience. To this end, rules and policies have been established to minimize distractions that could adversely affect the learning experience. Such rules and policies govern the use of electronic devices (e.g., cell phones, laptops) and reinforce appropriate and professional norms of behavior. Failure to follow the classroom norms may result in removal from the class/session in progress and treated as non-attendance. Classroom norms for all School sessions, including guest lectures, include the following:

- 1) use of cell phones, laptop computer and electronic devices are not allowed unless permitted by the instructor;
- 2) take responsibility for learning - yours and others;
- 3) show respect and care for others;
- 4) provide constructive feedback;
- 5) arrive on time and be prepared for class;
- 6) actively participate and contribute.

13. Dismissal, voluntary withdrawal and leave of absence

42. Dismissal, voluntary withdrawal and application for leave of absence are carried out in accordance with the internal policy and procedures for students.

43. Applications for voluntary withdrawal and leave of absence are submitted electronically through MyRegistrar system by the student.

14. Student support

44. MPP student Orientation program which normally takes place in the first week of MPP program, provides relevant information about NU and NU GSPP in general, promotes engagement with the University and School's mission and values, explores program requirements and modules, offers opportunities for new students to connect with each other.

45. The Program Coordinator provides guidance to students on academic progression, matters pertaining to curricular and graduation requirements. Low achieving students are requested to consult the Program Coordinator in order to develop strategies to increase the probability of successful completion of the MPP program.

46. During PAE development each student/group of students is assigned a PAE Supervisor. PAE Supervisor provides overall supervision of a student's PAE, sets milestones for PAE, and provides regular feedback to all writing and data collection processes.

47. The Instructor for PAE organizes regular workshops related to conducting research, writing final papers and making presentations for PAE. Feedback on the written work and presentations of students are provided on coherence, flow and

grammar. Detailed guidance is set out in the PAE project notes given to students and in MPP612 and MPP613 course syllabuses.

48. The Program Manager supports students on course registration processes and scheduling, implements student engagement policies (including analysis of module/course evaluations (student feedback) at the end of each semester), organizes and facilitates educational and student events related to MPP program including Orientation Program, Overseas Component, Exchange Programs and Graduation Ceremony.

49. GSPP utilizes its professional connections with Ministries, state and quasi state organizations, international partner institutions and other organizations in order to provide students with opportunities to participate in career and research seminars, internship programs, conferences and exchange programs.

50. Students are also encouraged to use the NU Library, Sports Center, Health, Counseling, Career and Advising resources depending on the needs of students.

15. Final provisions

51. The School reserves the right, subject to necessary approval where appropriate, to:

- 1) revise the content of the Handbooks and to change policies, programs, requirements, rules, regulations, procedures, calendars and other internal documents;
- 2) to establish and/or modify admission and registration criteria;
- 3) to cancel or change courses or programs and their content and prerequisites;
- 4) to limit and restrict enrollment;
- 5) to cancel, divide or change time or location or staffing of classes; or
- 6) to make any other necessary changes affecting study process.

When changes are made in any of the aforementioned areas and affect students' interests, they shall be notified via NU e-mail.

52. Issues that are not covered in this Handbook will be regulated by the APP and other relevant University internal documents.
